This Brazilian project, presented in the sixth edition of the GJC (2012) and arrived in the final, was born from a professor who proposed the teaching of Brazilian history leveraging podcast technology: he created a virtual radio for the broadcasting of historical events like these happen in real time. The students have learned the discipline becoming themselves "commentators and journalists".

The fun initiative developed in all the international Italian-Brazilian school named "Fundação Torin" of Belo Horizonte, in the state of Minas Gerais.

To participate in the new edition of GLOBAL JUNIOR CHALLENGE, 27 to 30 October 2015, Rome, fill out the form under the heading of the site: "Rules"
