Digital Sakshar

Nome dell'ente che lo ha realizzato /ORGANIZATION/INSTITUTE PRESENTING THE PROJECT: *: Pratham InfoTech

Regione/Region: Maharashtra

Paese/ Country: India

Città/ City: Mumbai

Descrizione del progetto/Describe the project : Digital Sakshar works on an innovative hybrid digital with classroom training, students in a group of 4-5 are in group learning. Due to this students from different age groups are in the community to learn and gain Basic Computer and English skills provided to jobseekers during and after the duration of these trainings, the youth are also introduced to various online services like paying utility bills, etc. They are encouraged to use IT skills as a knowledge base. The emphasis is on exposing them to practical work and confidence in them to implement what they have learned. The project uses its energies for positive and productive purposes through various activities making them more efficient and employable. Laptops are provided for study and group study. The beneficiaries of this project include all age group, college going students, graduates, housewives, unemployed employment age group and employed people willing to climb the job ladder. Multiple job fairs are conducted during the project to place trained youth in job placement. Pratham InfoTech Foundation partnered in the year 2016 and initiated the Digital Sakshar project for literacy in IT Operating Systems-Applications, Internet and Employability skills to help the youth from disadvantaged background gain job readiness. This project is currently being conducted in Navi Mumbai and has successfully reached 53749 youth.

Categoria del progetto/Project category : Inserimento dei giovani nel mondo del lavoro/Helping youth
